

FBLA Program of Work Template

Purpose: The Program of Work is the action plan of a chapter. Strong Programs of Work include well-defined goals and objectives, deadlines, and assigned tasks. The Program of Work is important because it ensures careful planning and a detailed layout for the fiscal year in a particular service area.

Note: The Program of Work should be a collaborative effort between the chapter advisers and student leaders.

Instructions: Brainstorm activities that you already do each year and/or ideas that you would like to do next year and record them in the template below. Sheet 2 - 'Sample Activities' lists some ideas if you need help brainstorming.

[illegible]
